ABOUT US

Paynter Dixon Insurance.

Paynter Dixon is an industry leader in the insurance works sector. We provide fast, attentive building services to insurance providers on a wide range of building types.

We understand the urgency of insurance projects and employ our innovative project management and delivery solution system to drive professional, quality and cost-effective services.

We have an extensive track record of delivering high-quality projects across a number of **core sectors**.

By aligning the hands-on knowledge of our industry experts and their can-do attitude with your organisation, we achieve a thorough understanding of your project.

CORE SECTORS:

Health, aged care & community

Hospitality, entertainment & leisure

Education

Defence

Civil infrastructure

Industrial & commercial

CAPABILITIES

RELIABLE

Today and in the years ahead, we deliver the same specialised building expertise and quality workmanship that has been our trademark for over a century.

CONSISTENT

Our **'total responsibility'** approach from start to finish delivers consistent, high-quality projects that meet the needs of our clients and your customers.

PARTNERSHIP

We will work in partnership with you, your insurance specialists and project stakeholders to add value to your business.

Our Unique 'Value Add'

As insurance specialists, we pride ourselves on providing fast, professional, quality service to adjusters on major loss commercial and complex losses.

During the lifecycle of all insurance works, we ensure regular and open communications with all stakeholders.

SUCCESS

The success of your business is important to the success of ours. We work with you throughout all stages of a project.

SOLUTIONS

Cost-effective solutions to insurance works.

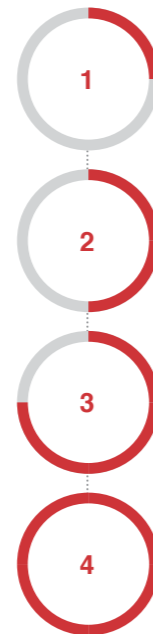

We have an extensive track record in delivering award-winning projects across multiple market sectors including health and aged care, hospitality, education, commercial, and Defence.

We are experienced in all types of claims and our insurance division understands the urgency of insurance rebuilds and repairs. We pride ourselves on providing fast, professional, quality service on major and complex losses.

We know the importance of businesses resuming as swiftly as possible following an event, and provide a service tailored to suit this need.

The team works closely with each client, and their insurance specialists, to ensure transparency in cost modelling and repair methodologies.

With an emphasis on collaboration, we ensure you are well-versed throughout the project lifecycle.

IDENTIFY

Full scope inclusive of potential issues

METHODOLOGY

Transparent modelling & methodologies

DELIVERY

Open communications with stakeholders

QUALITY

Well-managed works programme

Transparency.
Innovative.
Quality.

CORE SERVICES

Paynter Dixon is a recognised industry leader.

Paynter Dixon has a diverse client base and works on wide range of building types. We have been responsible for repairs and rebuilding of a range of facilities from docks to cold stores, breweries to pubs, water supply systems to sewer treatment systems, car parks to play parks, primary schools to universities, and homeless shelters to ecclesiastical structures.

With over 100 years of continued operations behind us, and the energy of our team driving us forward, Paynter Dixon will deliver excellence well into the future.

Our insurance division is experienced in all types of claims, from fires to natural disasters including storms, cyclones and floods.

OUR INSURANCE DIVISION

Understands the urgency of insurance rebuilds and repairs

Provides fast professional, quality service

Delivers solutions that assist with minimising business interruption

Manages works within time and cost parameters

Provides detailed and technical reporting

Conducts proactive communications

MANAGEMENT SYSTEMS

Our quality, safety and environment management systems set us apart.

INTEGRATED MANAGEMENT SYSTEM

Our health, safety, environment and quality (HSEQ) integrated management system is based on: AS/NZS 4801, AS/NZS ISO 14001 and AS/NZS ISO 9001. It ensures that health and safety hazards, quality assurance and environmental aspects are identified, risk assessed and managed throughout our operations.

QUALITY & SAFETY MANAGEMENT

Safety is our foremost priority. We continually refine our quality control processes to ensure a safe working environment for all involved.

ENVIRONMENT & SUSTAINABILITY MANAGEMENT

On every project, we inadvertently impact the environment and have a duty of care to mitigate these impacts through effective management of this risk.
